
WELCOME INTEGRATED FINANCIAL PARTNERS (IFP)

The MMTA is very pleased to welcome Integrated Financial Partners (IFP) as our first Affinity Member within the Association. IFP has joined the MMTA as a Platinum Affinity Member. We are excited to work with Dierdre Collins and Timothy Murphy from IFP in the future.

Integrated Financial Partners (IFP) is an independent, solutions driven, financial

planning firm. At IFP, we are dedicated to helping you realize your financial goals. Our holistic approach combines a depth of knowledge and professional expertise to provide creative solutions tailored to your individual needs. Our product independence and objectivity can mean a world of difference when designing a plan for your financial future.

Dierdre Collins & Timothy Murphy

Dierdre and Tim have over 50 years of combined experience in the financial services industry. Together they can help you pursue the retirement you deserve. They use a comprehensive process to better align your goals with the appropriate financial tools. Their team will work in partnership with you and your other trusted advisors to deliver a comprehensive and customized plan designed with the goal to help you achieve your financial objectives, including wealth accumulation, preservation and distribution.

We offer a broad range of personal and business owner services:

Lifetime Income Model™ allows you to strike a balance between risk and reward in order to achieve an appropriate retirement distribution plan. Our objective is to significantly impact your income while improving your quality of life during retirement.

Business Owner Model™ offers creative solutions with a goal toward improving the financial health of what may be your single largest asset. We coordinate with legal and insurance specialists to manage all the moving parts, from employee benefits to succession planning. IFP understands how your business can impact your family.

Plan for Financial Comfort™ is designed to help you prepare for your financial future with an emphasis on handling life's twists and turns. Job change, birth of a child, death of a loved one – these all cause money to "go in motion." Ensuring financial safety and security are not do-ityourself tasks.

Financial Second Opinion™ provides an objective view of what matters most, when you need fresh eyes on your total position. We strive to catch what others might have missed.
