

Outdoor Industry Association (OIA) recently [released](#) the state-level [Outdoor Recreation Economy Report](#) featuring economic data for all 50 states across the United States, the largest and most comprehensive state-by-state report of its kind. The data underscores a growing economic force that generates billions in consumer spending and creates millions of good-paying, American jobs in communities across the country.

Earlier this year, OIA released its national Outdoor Recreation Economy Report, which found that the outdoor recreation economy generates \$887 billion in consumer spending and directly sustains 7.6 million American jobs annually. The state reports released today offers a deeper look into a thriving sector that's helping to create healthier economies and healthier communities.
